

## Vučje Plateau & Mountain Lake Trek: Captain's Lake & Krnovo Plateau

Join us high up in the Krnovo Plateau at the quaint tourist center "Vučje", as we embark on a 1- or 2- day adventure ride.

**Captain's Lake Adventure - 1-day trail ride (total distance 40km, approximately 6-8 hours riding time)**

After getting acquainted with the horses, ride out from the Vučje tourist center through the dark forest and into the wide open high plateaus. Grassy paths crisscross the high summer pastures bordered by the majestic Lukovo mountains. Climb through glades tucked between the rolling hills and valleys, and pass small katuns (summer shepherd huts), where farmers cling fiercely to traditions of their ancestors. Take a brief rest by a stream or in a quiet forest glade before climbing to the day's destination and picnic spot: Captains' Lake ("Kapitanovo jezero"). Return via a different route to the Vučje center, where after the ride riders can relax with a drink on the terrace, and enjoy hearty meal at the traditional restaurant, or even spend the night at the comfortable hotel.

**Captain's Lake and Krnovo Plateau Exploration - 2 day trail ride (total distance approximately 60km, total riding time, approximately 10-15 hours)**

The first day of the 2-day trail ride follows the same route as the 1-day ride. Those who continue for a second day start with a relaxed breakfast at the hotel before saddling the horses for a day exploring the Krnovo Plateau. We ride towards the imposing

Krnovo Mountain range dominating the distance, cross streams and transverse high meadows below the impressive Mali Žurim and Veliki Žurim mountains, and stop near the settlement of Zakraji for light refreshment. A winding route takes us back through the dark primeval woods to Vučje.
