After you pass the restaurant Ognjiste (Ресторан Огњисте ) on your right and a white/blue gas station on your left, take a **LEFT** uphill, following the signs to Komani.

From the main turnoff you follow the road **EXACTLY 5.0 km** (Note: after 1.5 km, you will pass through the village of Cafa. Keep going straight on the "main" road. Do not turn left and go uphill over the "pass " in to the next valley, and do not turn down to the river. Rather, continue 3.5 km.)

After a total of 5.0 km, the road will make a sharp turn uphill. Turn uphill with the road (go under the electric high-tension powerlines), following the sign to Komani (do not go straight to Bandici)

From this uphill "turn", drive **EXACTLY 1.0 km**. On your way, you will see several yellow/orange (coral) houses on the left. Take the next possible left on a very narrow paved road. There is a tree at this intersection that often has notices (civic, funeral, etc) posted – see photo below. Do not take the sharp/blind right uphill.

If you pass a wooden sign pointing towards a church to the left, turn around. You have gone too far! Go back to the next small road (now it will be on your right!)

(\*Please note: If you are following directions from GoogleMaps, it will tell you that you have reached your final destination at this intersection/tree pictured below. Just take a left , follow the wall on your right-hand side, and turn up the first possible driveway on your right.)

Mountain Riders is 120 meters after this last turn on the right side.
